

The Mandy Peck Property Management difference

Easily access all your property and financial information from anywhere, anytime.

Landlord Portal

Owners can see a real-time snapshot of their property and rental details including move in and move out dates, lease agreement dates and the current financial status for their properties including money in, money out and bills outstanding.

Track financial activity

You can access all your financial activity from the Owner Access home page or drill in by clicking “more details”. Here you can view financial activity for all or one property, see a breakdown of expenses and even set a particular date range.

View outstanding jobs

You can check on the status of any outstanding jobs to see when it was reported, who the supplier is and any attached images and bills.

Drill into inspection reports

Experience the peace of mind of knowing that their properties are in good hands with detailed inspection reports. Drill into inspection reports to see images, comments and any follow up actions.

Download documents any time

Owners can easily view or download historical statements, attached bills and any general uploaded documents. Simply click on any of the documents for an in-depth look along with printing and download options, Any attached bills will be linked to the relevant statements.
